

Winner count does not go up when you win a Duel.

in list [Bugs](#)

Description [Edit](#)

Description

- When the user wins the duel the winner count does not increase

Steps to reproduce

1. Go to <http://localhost:3000/>
2. Click on the Draw button
3. Click on the Add to Duo Button for 2 bots.
4. Wait to see if you won
5. If you did not win click on the play again button
6. Repeat steps 2 through 4 until you win.

Expected Result

-When you win the wins count will go up by one

Actual Result

- The losses count goes up by one no matter the outcome

Environment

- Chrome Version 97/Win 10 OS build 19043.1415
